SUMMARY

Ten years and counting as a problem-solver. At this point, I can explain anything to anyone. No system too big, no circuit too small.

RYAN “PETEE” OLDFIELD

IT SUPPORT | COMPUTER REPAIR SYSTEMS ADMINISTRATION

EXPERIENCE

August 2016—March 2021

Supply Chain and IT Operations | Waste Farmers

- Provided IT support for the entire machine lifecycle including set up, system migrations, data transfers, hardware diagnostics, troubleshooting, multi-system configurations, and tear down
- Built custom order-processing automation that replaced 20+ hrs/week of manual spreadsheet work and reduced errors 80%
- Performed end-to-end supply chain operations
- Administrated the company's Google Workspace

October 2021—May 2026

Systems Specialist | Online Freight Services

- Provided customer service and vendor management for multi-national receivers such as Kroger, HomeChef, FantaPack, etc.
- Performed troubleshooting for national supply chain systems
- Built custom workflow automation and templates in TMS Pro

SOFTWARE SYSTEMS

Oracle ERP | Linux MacOS | Google Workspace
QuickBooks | Docker | Bash | SQLite | REST APIs
LLM APIs | TMS Pro | Microsoft Office | Asana
